

During this past year, OPBM has travelled over 10,000 miles, ministered in over a dozen different churches, visited many other churches, and we have freely distributed, directly or indirectly, several thousand tracts, brochures, flyers, books, CDs, Bibles and other materials to all who indicated a desire to have them. We have presented our ministry and preached in several new churches. In spite of giving away all the material that we have distributed, God has marvelously kept our finances on the correct side of the ledger. We turned everything over to Him, including our schedule, many years ago, and he has proven Himself to be more than able to keep us busy for Him.

We will be traveling from our home here in Colorado to Kansas in February, to California in May/June, and again to Kansas in August. If you would like for us to stop in and see you during our travels, please contact us. We do have open dates and would be happy to help you and your people in any way that we are able.

During 2011 we will doing all that we can to promote and exalt the **King James Version** of the Bible. This year is the 400th birthday of our beloved "*Old Black Book*." We have materials, books, CDs, and messages that we will be using to encourage pastors and people to stay true to this "**Monarch of Books**." Check out our website for more info: **www.opbm.org**

Our health has generally been good this past year. I turned 70 in June, so my life is probably more than half over. (Ha) Later this year I will have to have my ICD replaced as the battery on the current one is reaching its limit. It should be a relatively, easy out patient procedure, but we do need prayers about the need. Sharon was diagnosed with osteoporosis this past year which makes it a little more difficult to deal with her upper back spinal cord problems. She is currently undergoing physical therapy at a local clinic which helps her greatly.

We are thankful that the Lord has seen fit to use us in "*our retirement years*" as one person put it some time ago. We believe that He is going to return soon, and we wish to keep busy glorifying Him as long as we are able.

Thank you again for your prayers,
Bob and Sharon Bliss
Jeremiah 6:16
